Sport Horse Breeding (GB) Child Protection Policy Statement:

Duty of Care: Sport Horse Breeding of Great Britain seeks to ensure that all children, young people and vulnerable adults attending SHB(GB) affiliated shows and events are safe and protected from harm. We believe that all members have the right to expect that we will safeguard and promote their interests irrespective of age, gender, racial origin, religious belief, sexuality or any disability they may have. We also believe that all children have a right to be protected from abuse or exploitation. Wherever possible SHB(GB) will ensure that the rights of children, young people and vulnerable adults are protected at our events. As such we fully endorse the British Equestrian Federation/British Horse Society code of good practice and have implemented our own Child Protection Policy as follows:

SHB(GB) is committed to ensure that: -

The welfare of children, young people and vulnerable adults is paramount. All children have a right to be protected from abuse or exploitation.

All children/young people and vulnerable adults who take part in any SHB(GB) affiliated class or event run by SHB(GB) should be able to participate in a safe, secure and enjoyable environment, within fair and even-handed approach to competition and fair play.

SHB(GB) expects all competitors and all judges, stewards and officials (including Committee & Council members & office staff) to take all reasonable steps to protect children from harm, discrimination and degrading treatment and to respect their rights, wishes and feelings.

Any complaint or suspicion of abusive or inappropriate behaviour or practice will be taken seriously by SHB(GB). Any matter will be investigated and any suspicious or Child Abuse incident will be referred to the appropriate Local Authority for investigation under the Child Abuse and Protection Procedures.

High standards are expected of all judges, stewards, officials, Council/Committee members and officers who will be expected to reflect and endorse the requirements and values of this Policy when officiating for SHB(GB).

Sport Horse Breeding (GB) Child Protection Statement for Judges:

In order to act as a judge, show official, Council Member or Committee member with SHB(GB) all personnel wishing to act as such must comply with the following requirement.

At the point of application to become a judge, show official, Council or Committee member, the individual is required to disclose whether they have any conviction, caution or outstanding matter against them that would make them unsuitable to be in proximity to under 18 year olds and those adults and children deemed to be vulnerable. This would include any penalty that has been imposed in the past and currently deemed 'spent'.

In addition, if at any point during the time the individual occupies such a position with SHB(GB), they are required to disclose directly to the Chairman of the Society, the following circumstances:

- any pending investigations by child protection agencies
- any caution, final warning or reprimand received for offences against a minor or vulnerable adult
- any conviction against a minor or vulnerable adult

any conviction that would prevent them working with children or vulnerable adults
any restriction on employment, including suspension or dismissal due to concerns regarding their
safeness to work with children or vulnerable adults. (This would include inclusion on any register or
list held to prevent individuals working when they present a risk).

Whilst this is a voluntary arrangement designed to affect a safe environment for children to show and take
part in equine events, should the Council of SHB(GB) receive information that proves a judge, show official,
Council or Committee member has been found unfit to work with children or vulnerable adults their
position with the Society will be immediately terminated. The Society will then ensure the individual is
disassociated from the Society in all appropriate ways.

Sport Horse Breeding (GB) Health & Policy Statement:

The trustees of Sport Horse Breeding (GB) strive to ensure that all of its activities are run from
appropriate venues and are organised with Health, Safety and Welfare in mind.

We will work with others to provide appropriate levels of safety and security within our shows and events.
We will assess (under any specific duty or regulation as laid down), any risk issues associated with the
show or event and carry out all actions required within the assessment action plan.
We will seek to establish and promote a positive Health & Safety culture within the Society.
We will require all judges to conduct themselves within the policy as laid down.

Sport Horse Breeding (GB) Equine Influenza Vaccinations Policy:

This policy note is to remind members that the Rules of the SHB(GB) apply to members when using social media and the internet. Failure to adhere to this policy note could lead to disciplinary action being taken against a member.

Using social media

You should be aware that the SHB(GB) may from time to time carry out internet searches to identify postings which include references to the SHB(GB) and its members.

SHB(GB) produced images are the subject of copyright and should not be copied or used in social media save as provided in the SHB(GB) website user terms and conditions.

Complaints and Disciplinary Policy / Procedure

A. Complaints Policy

This document sets out the procedure for dealing with complaints made against the Society and its members. This document also sets out the procedure for dealing with any person who at any time conducts themselves in a manner which may be deemed to bring the name of the Society into disrepute.

A complaint against a staff member/s should be reported in the same way but will be dealt with under the Society's internal HR/employment related policies.

The Society and its members endeavour to work to the highest standards in every regard. The Society considers its members to be a valuable resource in achieving its aims and does not envisage that it will receive many complaints. However, the Society wants to ensure that in the event that a complaint is made against a member of the Society, there is a procedure in place which ensures that:

- the complaint will be dealt with fairly and without prejudice
- the procedure and potential outcomes are clear for all parties involved

The Society hopes that the majority of complaints that are received can be resolved informally through mediation. This particularly applies to poor behaviour in and around the show ring. If mediation or informal

resolution is not possible or it is more appropriate for the matter to be dealt with formally, then the Complaints Procedure as set out in Part 2 below should be followed.
 Complaints relating to JMB height certificates should be made to the JMB (see Section 4 below).

B. Complaints Procedure

1. Complaints made against the Society and its Members

1.1. Should you wish to register a complaint then please use one of the methods stated below:

In writing to: (Please send by recorded delivery)	Sport Horse Breeding of Great Britain 96, High Street Edenbridge Kent TN8 5AR
By email to: (Please request a delivery receipt when sending your email)	office@sporthorsegb.co.uk
Complaints regarding SHB(GB) staff members:	Please address your complaint to the Chair of Council at the above address and mark 'strictly confidential'
Complaints Regarding SHB(GB) Council or Sub Committee Members:	Please address your complaint to the General Secretary at the above address and mark 'strictly confidential'

1.2. All complaints should be in writing either by post or email (to addresses stated previously), marked 'private & confidential' and signed by the complainant with their full name, contact address and telephone number clearly printed. Please note that the Society cannot address complaints made anonymously.

1.3. Your SHB(GB) membership number (where applicable), should be quoted in correspondence.

1.4. The complainant can also submit a separate letter or email from an independent person confirming the facts and basis of the complaint.

1.5. The complaint, independent letter and fee should be received within 14 days of the incident or action causing complaint. Complaints received outside this timescale will only be investigated at the discretion of the Chairman/Council.

1.6. Evidence in support of the complaint should be provided along with the letter of complaint.

What will happen next?

1.7. The Society will send a letter or email acknowledging the complaint and, if necessary, may ask for further details.

1.8. The SHB(GB) Office will forward details of the complaint to the Chairman and Vice Chairman who will decide if the complaint can be resolved through an informal process and/or mediation.

1.9. If the Chairman and Vice Chairman of the Society feel the complaint may not be settled by mediation or an informal resolution, then the complaints procedure detailed in Part 2 below should be followed.

1.10. If the complaint may be resolved through an informal process, details of the complaint will be passed to the Chairman of the relevant sub-committee. If the Society believes that the matter should be addressed by mediation it will invite the complainant to participate. If the matter is resolved by mediation the complaint fee will be refunded.

1.11. The Chairman of the sub-committee will obtain further information if necessary. They may choose to resolve the complaint by way of a letter to the member or official named in the complaint or may also choose to forward the complaint to all members of the sub-committee for comment or discussion which may be at the next committee meeting, or sooner if deemed necessary.

1.12. The sub-committee may recommend the complaint is referred to the SHB(GB) Council to determine if there has been a breach of Rules and whether any penalties are to be imposed as detailed in Part 2.

1.13. If the complaint pertains to a previous decision of a sub-committee, it will be referred to the SHB(GB) Council as per Stage 2 below.

2. The Council

2.1. The Chairman and Vice Chairman may refer the complaint directly to the Council for a breach of rules decision. The Council may deal with the matter in accordance with procedure referred to in 2.2 below. If in its opinion the matter is sufficiently serious the Council will refer the matter to be dealt with by the Disciplinary Panel referred to in Part 3.

2.2. If the Council decides to deal with the matter itself, it shall communicate in writing the substance of the allegations to the person against whom they are made and will afford that person the opportunity of making representations, whether orally or in writing. The Council shall then determine whether there has been a breach of these Rules and if in its opinion there has been such a breach to impose all of any of the following penalties:

- Dismiss the complaint in whole or in part
- Uphold the complaint but take no action (only if there are strong mitigating circumstances)
- Give a reprimand or caution
- Suspend membership on either a temporary or permanent basis
- Suspend the Horse, Owner, Rider, Producer and/or Member or other person participating in any Show to which these Rules apply for a period of time
- Fine such person up to a maximum amount of £5,000

- He/she may be removed from the panel

In addition, in the case of an official:

- He/she may be prevented from officiating in any capacity at any Society affiliated show or event

2.4. If the complaint is upheld in full by the Society, then the complainant will be repaid the complaint fee. If the complaint is not upheld, then the Society will retain the fee.

C. Disciplinary Procedure

3.1. If in its opinion the matter is sufficiently serious the Council will refer the matter to be dealt with by the Disciplinary Committee referred to below.

3.2. A letter to the complainant will set out name(s) of the person(s) assigned to investigate complaint (the Investigating Officer(s)). If the complaint relates to a Council member or former Council member the Investigating Officer will be an independent person who may or may not be a member of the Society. If the complaint relates to any other member of the Society, the Investigating Officers will be a panel of at least three, consisting of three Council members or three independent persons, who may not be members of the Society, or a combination with not more than three in total. Any request by the Society for further details should be provided by the complainant within 10 working days otherwise the complaint will not be processed any further and the Complaint fee shall be retained by the Society.

3.3. The investigation of the complaint will be carried out by the Investigating Officer(s) within a reasonable timescale barring issues outside their control. The Investigating Officer(s) will undertake all necessary investigation which may include obtaining a response to the complaint from any member who is the subject of the complaint. This will usually involve sharing the full details of the complaint with that member, **which in certain circumstances may include the identity of the complainant.**

3.4. If necessary, the complainant may be invited to a meeting to discuss the complaint and/or the response to the complaint further. In the event that this is not possible or practical the complainant may be asked to expand upon the complaint in writing or by telephone.

3.5. Once the investigation has been concluded, a determination will be made by the Investigating Officer who will notify the complainant in writing of the decision together with the reasons for this decision and any action that it is recommended is taken. The Investigating Officer will either:

- (a) Dismiss the complaint in whole or in part; or
- (b) Uphold the complaint in whole or in part which may include a determination that all or part of the matter be dealt with under the Society's disciplinary procedures.

3.6. If the complaint is upheld in full by the Society, then the complainant will be repaid the complaint fee. Should the complaint not be upheld, then the Society will retain this sum.

Disciplinary Proceedings

3.7. Where an Investigating Officer(s) has determined, following the conclusion of an investigation, that there is a case to answer which requires further investigation, the outcome of which mean that disciplinary action may be taken against the person, the Chairman and Vice Chairman of Council acting together will appoint a disciplinary panel made up of three people who may not be members of the Society (the Disciplinary Panel). The Disciplinary Panel should be appointed within 14 days of the decision by the Investigating Officer(s) that the matter should be dealt with under this Disciplinary Procedure.

3.8. Within 14 days of being appointed, the Disciplinary Panel will inform the member of the allegations against them, the basis for those allegations, that there will be a disciplinary hearing convened and what the likely range of consequences will be if it decides after the hearing that the allegations are true. Where appropriate, the following will be included:

- (a) A summary of relevant information gathered by the Investigating Officer(s) during the investigation.
- (b) A copy of any relevant documents which will be used at the disciplinary hearing; and
- (c) A copy of any relevant witness statements, except where a witness's identity is to be kept confidential, in which case the member will be given as much information as possible while maintaining confidentiality.

3.9. Within a further 14 days, the member must inform the Disciplinary Panel whether they admit the allegations or not and indicate whether they wish to attend the hearing. If no response is received, the disciplinary procedure shall continue.

3.10. Within a further 14 days, the Disciplinary Panel will give the member written notice of the date, time and place of the disciplinary hearing. The hearing will be held as soon as reasonably practicable, but the member will be given a reasonable amount of time to prepare their case based on the information given to them by the Disciplinary Panel.

Disciplinary Hearing

3.11. The disciplinary hearing will be held in front of the Disciplinary Panel. At the disciplinary hearing, the Disciplinary Panel will take the member through the allegations and the evidence that has been gathered. The member will be able to respond and present any evidence.

3.12. The member may ask relevant witnesses to appear at the hearing, provided they have given the Disciplinary Panel sufficient advance notice to arrange their attendance. The member will be given the opportunity to respond to any information given by a witness.

3.13. Written statements may be introduced only if previously produced to and/or with the consent of the Disciplinary Panel.

3.14. The Disciplinary Panel may make a finding, following the disciplinary hearing, that the allegations are:

- (a) Proved, in whole or in part; or
- (b) Unproved, in whole or in part

3.15. The decision by the Disciplinary Panel and its reasons, along with any disciplinary penalty if appropriate, will be communicated to the member within 14 days of the date of the disciplinary hearing.

Disciplinary Penalties

3.16. If the Disciplinary Panel finds the conduct alleged to be proved, in whole or in part, it shall impose such of the following actions as seem appropriate given the circumstances of the case:

- (a) Uphold the complaint but take no action (only if there are strong mitigating circumstances).
- (b) Give a reprimand or caution
- (c) Suspend membership on either a temporary or permanent basis.
- (d) Suspend the Horse, Owner, Rider, Producer and/or Member of other person participating in any Show to which these Rules apply for a period.
- (e) Fine such person up to a maximum amount of £5,000

3.15. In addition, in the case of a judge or an official:

- (a) A judge may be removed from the panel
- (b) An official may be prevented from officiating in any capacity at any Society affiliated show or event

Animal Welfare Offences

3.16. If a court of law finds a Member guilty of an offence relating to animal welfare the Society may take reciprocal action to that imposed by the Court. i.e., if the Court issues a warning or reprimand the Society will similarly warn or reprimand the Member.

In the case of a Court banning a member from keeping/owning animals for a period the Society may revoke the membership of the member found guilty and ban them from membership for the full period of the ban imposed by the court or longer if appropriate.

3.17 There is also no appeal against a welfare issue determined by a Court of Law.

3.18 Any decision of the Disciplinary or Appeal Committee made pursuant to the powers conferred by these rules may be published in any newspaper or periodical as the Council may direct.

Appeal

3.19. If a member feels that disciplinary action taken against them is wrong or unjust then they should appeal in writing, stating the full grounds of appeal, to the Secretary within 14 days of the date on which they were informed of the decision of the Disciplinary Panel. y). **WORKING HUNTER.** A mare, gelding or stallion (competing stallions must have a red, white and blue ribbon displayed in their tail) four years old and over exceeding 148cm (14.2hh approx) to be judged in accordance with the rules herein set out. Any horse which has qualified as a Grade A Show Jumper or Advanced Event horse as of 1st January in the current year is not eligible to compete in Working Hunter classes.

Fences to be a minimum of 8 and a maximum of 12 in number and a maximum height of 1.14m (3ft 9ins) at the discretion of the Judges.

Where there are two classes scheduled, the division of weights should be:

Lightweight. Mare or gelding, 4 years old or over, capable of carrying 14 stone and under.

Heavyweight. Mare or gelding, 4 years old or over, capable of carrying over 14 stone.

Fences should have a natural appearance and not be easily dislodged.

No un-numbered obstacle can be included in the course.

The manner of going to be taken into account.

No change of rider or tack will be allowed (unless a horse is ridden under side-saddle, in which case, in order to allow the judge to ride, the saddle may be changed for the riding phase only).

A rider can ride up to two horses in the jumping phase but then must select only one horse to take forward into the ride and conformation section if so required (no change of rider is allowed).

A skull cap or hat and safety harness according to the current approved BSI or European Standard must be worn by ALL competitors in the jumping phase of Working Hunter Classes. Skull caps must have a navy blue or black cover.

No hind boots or bandages of any description are allowed in the collecting ring, warm up or in the actual class.

On completion of the jumping phase ALL CLEAR ROUNDS and any other horses the judges may require should be asked to return to the ring.

If a horse positively stops, ceases to go forwards at any time during its jumping round, or turns its quarters to a fence, or has a complete turnaround, these constitute refusals. If a horse jumps the incorrect fence out of a pen or lane it will be eliminated.

Horses displaying continued disobedience, or horses leaving the ring, whether mounted or dismounted will be eliminated.

Penalties:

First Refusal	15
Second Refusal	20
Third Refusal	Elimination
Jumping Knockdown	10 (BSJA Rules apply for the definition of a knockdown)
Fall of Horse or Rider	Elimination

Horses with minus scores may not be required for the second phase of the class at the discretion of the judge. Under no circumstances should a horse with a minus score be in a qualifying position.

If Shows wish to save time, they can use two Judges, one of whom would judge the conformation and need not necessarily be on the Ridden Hunter Panel.

It is suggested that the Conformation Judge be asked to judge the conformation of the Working Hunter Class while the other Judge is judging the ride.

Horses must not be ridden by the Judge in the same ring and at the same time as other horses are jumping.

Suitable fences of natural appearance must be available.

Judges will not jump horses in Working Hunter Classes.

The maximum total points available is 100. This is made up of: Jumping points = Max 40 points, Style & Presence whilst Jumping = max 20 points, Ride/ Manners = max 20 points, Conformation = max 20 points.

40 points are awarded for Ride/Manners and Conformation. If there are two judges, Judge A awards a maximum score of 20 for Ride/Manners, Judge B awards a maximum score of 20 for conformation.

In the event of a tie in marks, the conformation mark will take precedence, followed by the ride mark, followed by the style mark. Judges should satisfy themselves that the course and fences are in keeping with the Society's recommendations, and Shows should allow time for this.

Working Hunter courses are not to be walked by competitors until the judge has given permission. There must be a change of course between Novice, Restricted Open and Open Working Hunter classes.

AMATEUR WORKING HUNTER CLASSES. These classes will be run under the Society's Amateur rules and judged the same as the Working Hunter Classes but fences will not exceed 3' 6" (1.07m).

b). The practice of any owner or their immediate family taking advice on the purchase, schooling, exhibiting, or having at livery any horse from someone during the current or previous year is prohibited by the Society (service fees for stallions and keep for mares whilst at stud are excluded). The exhibitor will know who is judging from the schedule, whereas the judge will not know which animals are coming before him until he arrives in the ring. If there is an unforeseen change of judge, then the exhibitor should stand down from the class.

c). Judges must not knowingly judge a horse produced by a producer, owner, or their immediate families for whom they have shown any horse or who has shown any horse for them during the current or previous year. The onus is on the Exhibitor not to exhibit animals under a judge who is or has been in their employ or vice versa during the current or previous year. The practice of a Judge advising on the purchase of or exhibiting or schooling or having at livery any horses for someone or their immediate family and then judging any horses for the same owner during the current or previous year is prohibited by this Society (service fees for stallions and keep for mares whilst at stud are excluded). The only exception to the above rule is, in a championship, if an exhibitor has more than one horse qualified, they may ask any member of the Society whether a judge or not to ride their exhibits for the championship only. This will allow the judges to have their full complement of horses in the championship.

20. JUDGING

a). Once a judge has commenced judging a class, a horse or rider may not leave the ring without the permission of the Judge and Ring Steward, nor shall there be any change of rider or leader, except in a Championship Class, when a competitor finds he/she has more than one exhibit eligible to compete.

b). In the event of the judge falling from an exhibit they must not remount that exhibit in that class. In the event of a horse falling during a class, that horse must be asked to leave the ring and will not be allowed to compete further in that class. In the event of a judge falling from a horse it is at that judge's discretion as to whether they feel fit to continue judging. In the event of the judge not being fit to continue riding, a replacement judge may be found or competitors will be asked to do an individual show.

c). Competitors will not be allowed to enter the ring after the horses have commenced trotting as a class in ridden classes. In hand classes once the first horse has started its initial individual trot up no further competitors will be allowed to enter the ring. This also applies to In Hand Championships.

d). The Judge of the Ladies' Hunter Class should not be invited into the ring for the judging of the Championship of the Ridden Hunter Classes unless the judge concerned has judged all the classes and not, as is usual, the Ladies' Hunter Class only. Notice of this should be given in both the Schedule and the Catalogue of the Show.

e). Prize-winners in Four-year-old Classes need not take part in Hunter Championships. All horses in the Championship must be ridden.

f). Saddles must not be removed from four-year-olds and Ladies Hunters prior to the horse being ridden by the judge.

21. UNSOUNDNESS

a). If, in the opinion of the Judge, a horse is unsound, the exhibitor shall be given the option of withdrawing the horse from the class or being placed at the bottom of the line. If this option is not accepted a Veterinary Surgeon may be called but if not immediately available, then the Judge's decision is final.

22. MANNERS – IN HAND & RIDDEN CLASSES

a). A Judge may ask an exhibitor to remove his horse from the ring, if in his/her opinion the horse or the exhibitor is ill-mannered. If in the opinion of the judge the behaviour of a horse is deemed unacceptable, it will be reported to the Society and will be reassessed at its next show by a person appointed by the Society.

23. USE OF THE WHIP – IN HAND & RIDDEN CLASSES

The use of a whip must be:

- a). For good reason – the whip must only be used either as an aid to encourage the horse forward or as a reprimand. Thus, it must never be used to vent a rider's temper. Any use for such a reason is automatically excessive and therefore a breach of SHB(GB) rules.
- b). With appropriate severity – as a reprimand only and a horse should never be hit more than three times for any one incident and if a horse is injured by a whip, e.g. if the skin is broken or there is a weal, its use is excessive.

24. DRESS AND TURNOUT

- a). It is the responsibility of exhibitors to ensure that grooms entering the Show Ring are smartly and professionally turned out. Grooms must wear a hat when in the ring, if not they will be asked to leave the ring. The attention of all exhibitors is drawn to the guidance on dress and turnout at Section 47-53, 59-60 and 62-64 of these rules.

25. MOBILE PHONES/TABLETS/CAMERAS

- a). The use of mobile phones/tablets/cameras in the ring is prohibited. Anyone using such a device in the ring will be asked to leave the ring and the associated exhibit will be eliminated.

26. OBJECTIONS AT SHOWS

28.2 Definitions

- a). "Drugs Testing" means the examination of a horse by a duly qualified person appointed or authorised by SHB(GB) and includes the taking of samples for subsequent analysis of all or any body fluid, tissue, excreta, hair, or skin scrapings at the discretion of the person conducting the examination.

REGISTRATIONS AND GRADINGS

IDENTITY REGISTER

All horses, even those of unknown breeding, are eligible to apply for an Identity Register passport providing their adult height will exceed 148cm (14.2hh). Horses whose sire and/or dam are graded with SHB(GB) can apply for an Auxiliary or Full Stud Book passport.

All breeding will be recorded as **unknown** unless:

- A covering/artificial insemination certificate issued by an official breed society, or an artificial insemination certificate issued by a veterinary surgeon is provided.
- Horses conceived by artificial insemination must be parentage verified by DNA if any breeding is to be recorded.
- Lineage of the sire and dam will only be recorded if a copy of the dam's passport, which must have been issued by an official breed society (if not registered with SHB) is provided, together with a copy of the Sire's breeding which must have been issued from an official breed society (if not registered with SHB) is also provided.
- Only breeding shown on the passport or breed society documentation can be recorded.
- If an official covering/artificial insemination certificate cannot be provided, the breeding can be established and recorded if the horse has its parentage verified by DNA testing. If SHB(GB) does not already hold the DNA profiles of the sire and/or dam, hair samples must be submitted, together with a hair sample from the horse to be registered. The cost is £60 per DNA sample, together with the parentage verification fee of £60. These costs are to be added to the Identity Registration fee. Please note that we will not DNA test to one parent only. A DNA sample should be taken by a veterinary surgeon and contain at least 30 - 40 hairs, which must be pulled not cut from the mane or tail (or both). The sample must be sealed in an unused bag and clearly labelled. If the laboratory is unable to obtain a DNA profile from the hair sample and a second sample is required, a second fee of £60 will be payable.

The SHB(GB) identification chart **must** be completed by a veterinary surgeon – no other charts will be accepted. Since October 2020 it was made a legal requirement in the United Kingdom for all horses to be microchipped. Please include details of your horse's microchip with this application. The passport will state 'age of horse not verified' unless the animal is identified by a Veterinary Surgeon whilst still on its dam. Passports that are issued to animals over one year of age will be stamped as 'Replacement'.

FEES:

Identity Registration fee **£45**

DNA fee (if applicable) **£60 per sample**

Parentage Verification Fee (if applicable) **£60**

If you would like your documents returned by Royal Mail Special Delivery, please include an additional £10. If you do not choose this service your passport will be returned by second class post and will not be tracked.

DISCOUNTS AVAILABLE ON REGISTRATION FEES:

OVERSTAMPING AN EXISTING PASSPORT

To comply with the law which came into effect on 1 January 1998, making it an offence for any horse born after that date to be in possession of more than one passport, the Society has obtained the necessary permissions to overstamp existing passports issued by DEFRA or EU approved organisations, subject to them including an identification chart completed by a veterinary surgeon.

If your passport does not have a markings chart completed by a veterinary surgeon, you will need to download an Identification Chart from our website and arrange for this to be completed. This must then be forwarded with your application and your horse's passport. We require the actual passport for overstamping, copies are not acceptable.

SHB (GB) cannot overstamp passports if the passport has not been correctly transferred into the current owner's name. You must send the passport to the relevant Passport Issuing Organisation for updating before sending it to us.

Your horse will be registered with the name that is within the passport, changes of name are not permitted.

To comply with current legislation all horses in the UK with a passport issued outside the UK (including Southern Ireland) must have their passport overstamped by a UK Passport Issuing Organisation in order for data in relation to the equine to be held on the Government Central Equine Database. This is for the purposes of equine traceability and disease surveillance.

Since October 2020 microchipping of all horses was made a legal requirement in the United Kingdom, we are therefore unable to overstamp a passport unless your horse has been microchipped and details of the chip are recorded within the passport.

FEES:

Overstamp Fee £45 plus an additional **£10** if you would like your passport returned to you by Royal Mail Special Delivery tracked post. If you do not choose this service your passport will be returned by second class post and is not tracked.

We can offer a Fast Track Service on overstamping. For an additional **£40** added to the overstamp fee, turnaround will be within 2 working days, provided all paperwork is received correctly completed and the correct payment is received at the same time. We would strongly advise sending your passport via tracked post. All fees include VAT @ 20%.

NAMING

Foals may be registered un-named and named at a later date for the fee of **£45**. Once named the name may not be changed under any circumstances.

If using a prefix or suffix, please note that this must be registered with the Central Prefix Register for use with this Society. Affixes are only for use by breeders on their homebred stock and cannot be used on purchased animals. An affix denotes a word that is used before or after a horse's name that may be, for example, part of a name or address, a place name or a made-up word. If you are in doubt regarding the name you have chosen, please contact the Society before sending in your application. Applications that include an unregistered affix or an affix that is currently registered by another breeder will be returned. Applications to register a prefix should be made to SHB(GB). New affixes are **£60** and to extend an existing affix for use with Sport Horse Breeding is **£25**.

If an application includes a name that is already in use, a roman numeral will be added as appropriate. The Society reserves the right to refuse to register a name which may cause offence.

RESCINDING OF PASSPORT

In certain cases, there is a DEFRA approved procedure in place for the rescinding of ID only passports in favour of a breed society passport. Full details and costs are available from the SHB(GB) office.

OWNERSHIP OF DOCUMENTS

All passports and certificates issued by the Society remain its property and must be returned to the Society on demand.

LEGISLATION

Horse passport regulations state that all owners must obtain a passport for each horse they own (including ponies, donkeys, and other equidae).

All 'late' registrations will be issued with either a duplicate or replacement passport in line with the DEFRA minimum operating standards for Passport Issuing Organisations.

Other adult horses not previously issued with a passport should also be microchipped and their passports will be signed as not intended for the food chain.

Only Veterinary Surgeons can implant a microchip into a horse and they must check the animal for an existing microchip prior to implantation and any evidence that a microchip has been removed. Where an existing microchip is found SHB(GB) will try and establish where the horse is registered. The owner may also be required to carry out their own checks. If the horse is registered with another Society the owner will be referred to that organisation. If the identity of the horse cannot be established SHB(GB) will issue a passport which will be stamped "**Replacement**" and the horse will be declared as not intended for human consumption. In the event of any SHB(GB) passport being lost a "**Duplicate**" will be issued and the horse will be declared as not intended for human consumption.

If the passport is not available or the vet does not know whether or not the horse is eligible for entry into the food chain the vet should not administer drugs not authorised for food producing animals and must use an alternative product.

Owners and keepers with primary responsibility (a person who takes care of the animal on a day to day basis, e.g. Full Livery, Racehorse trainers, etc.) must ensure that their horses are correctly identified and be able to produce the passport without delay in the event of an inspection.

Only owners can apply for a passport.

The passport must accompany the horse at all times unless stabled or at pasture or moved on foot when the passport can be made available within 3 hours.

When a horse passes away, the owner must send the passport back to the PIO to be recorded within 30 days – the passport may be returned to the owner once the process is completed if requested. If the passport is not available when the vet is in attendance – the owner is responsible for ensuring that the drugs administered are recorded on the passport.

Failure to comply with the legislation is punishable by a fine of up to £5000.

For further information please visit the Defra website.

The Society will enter into the stud book, animals of the same breed, line or cross that are eligible for entry under the Society's breed criteria, without discrimination on account of their country of origin.

PROGENY OF COLTS

Animals sired by colts aged 2, 3 or 4 at the time of covering, that grade with SHB(GB) within 18 months of the covering, can be registered into the stud book providing the parentage is verified by DNA and the animal is identified as a foal while still on its dam and the parentage verification fee is paid in addition to the registration and DNA fees. The fact that a colt has been issued with a passport does not constitute a Stallion Registration or Licence. Colts three years old or over must be brought forward for Grading in order to be registered as a breeding stallion and issued with covering certificates.

UPDATING DOCUMENTS

Where a passport has already been issued and is then returned either with the correct paperwork for breeding to be added or with hair samples for DNA testing, an administration fee of £45 will be payable in addition to any DNA fees and the parentage verification fee.

ARTIFICIAL INSEMINATION

All animals conceived by AI must be parentage tested to both parents in order for breeding to be recorded, even if registered on the Identity Record. If the profiles are not already on record with SHB(GB), DNA samples will be required for sire, dam and offspring and the cost will be £60 per sample.

EMBRYO TRANSFER

Foals that are the result of embryo transfer **must** be parentage verified to the sire and the donor mare.

The registered owner of the donor mare will be recorded as the breeder unless the Society is notified otherwise. A hair sample will be required from the recipient mare which will be held and only analysed in the event of the foal failing its parentage test.

AMENDMENT OF RULES

The Council of SHB(GB) reserves the right to amend any of the Society's Rules for Registration at any time. Members will be notified via the Society's publications and website.

While these Rules are the normal requirements of the Society the Council reserves the right to make exceptions to the Rules as it sees fit in exceptional circumstances.

In order to comply with Commission Decision 92-353-EEC Sport Horse Breeding of Great Britain declares there will be no discrimination between members.
